Disclaimer

This site is designed and created “as is” and subject to change over time with ability and availability to perform needed tasks to advance the site and club/party objectives. This program is created for use “as is” there is no implied warranty. I have done what I know how to do to make it function properly and not create any surprises.

Requirements

This requirements document is the example prepared and presented for development and design from the REC-IT Committee.

The REC-IT meeting notes recommendation (2 August 2023):

What want to achieve.

- a. Informational
- b. Simple to update
- c. Not duplicative
- d. User friendly
- e. Non-confrontational
- f. Not offensive
- g. Show the truth: counter the lies on our non-little man; the Constitution
- h. Collect data
- i. Allow people to email website
- j. ~~let people comment?~~

They say to keep a record of all the files this a small sample. Oh why is this all being written because Grammie said “Write it down!” Its also much easier to present an image than to try and explain it all using words. Consider this the “User Manual.” This is an extremely helpful tool for us “old school baby boomers”.

So this user manual is a visual and I will try and present it in a “procedural” method for its use as the Web Application is built. The site URL can be reached using two URLs. The best results is using the URL: <https://conservativesrc.com> Your page experience may be different if you use the URL <https://www.conservativesrc.com> it is a server side interaction involving settings. It may also vary depending on your browser and if you are using a phone, tablet or computer.

**Registration and Logging into the Web Site

Monthly Calendar

The Calendar lists our repeating scheduled events. Generally, the site navigation uses hyperlinking or just “click” on the link. If you choose to go further and “Join Us” is the hyperlink.

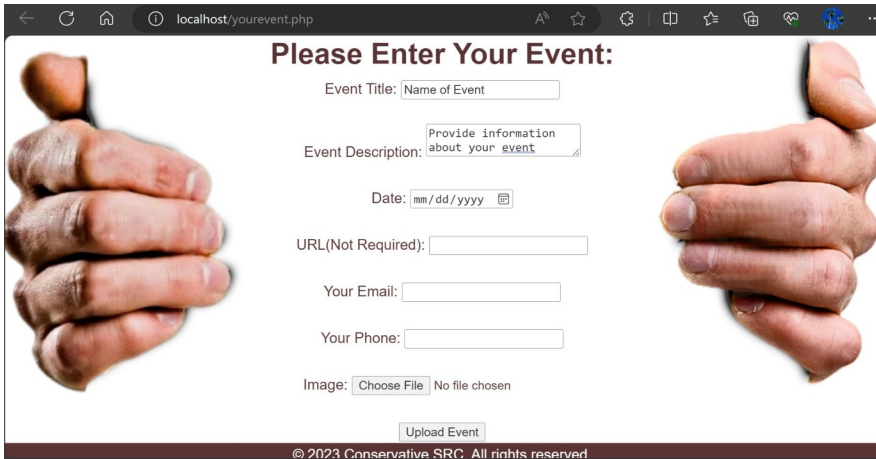

The site does not support or endorse any particular candidate nor is it endorsed by any particular candidate. Registered users of the site do have the “perk” of listing their events, creating a description, or posting an image (jpg, png, gif) or a pdf not to exceed 1.5 mbs. The specifics will be covered in more detail in the “Create Event” Chapter. We also have as a trial “perk” a guestroom which is currently open 24/7 . It will request permission to access the camera and mic of your medium. You can discuss current events, future events, or just hang out with your friends. The terms of use are established by the creator of that program please abide by them.

Registration Form

The **Join Us! Form** is functional asking for your First Name, Last Name, Email, Phone Number, Address, and Create a Password. **Please write this information down in a password book. Your password is encrypted and is not retrievable.** All of these fields are required and some of these fields will be used to enable features. For example, posting Organizational or Group event.

Create Event

The screenshot shows a web browser window with the address bar displaying 'localhost/yourevent.php'. The main content area is titled 'Please Enter Your Event:' and contains a form with the following fields and elements:

- Event Title:
- Event Description:
- Date: (with a calendar icon)
- URL(Not Required):
- Your Email:
- Your Phone:
- Image: No file chosen
-

At the bottom of the form, there is a copyright notice: © 2023 Conservative SRC. All rights reserved.

You **MUST BE REGISTERED** to create an event. So, give the **Event Title** and an **Event Description**. The Event Description is a text box allowing for dates, times, location, special information, who to contact. *If, you are going to be posting a pdf file for people to read you can provide the full URL for the document in your description. For example, if you desired to upload this user manual it would have a full URL:*

https://conservativesrc.com/upcomingevents/csrc_usermanual.pdf

When you are adding your document ****pdf** it would be a URL:

https://conservativesrc.com/upcomingevents/your_doc_name.pdf

replace “your_doc_name.pdf” with whatever you named the document.

This User Manual can be viewed at the URL:

https://conservativesrc.com/documents_t.php

**** Please see Inserting, Deleting, and Viewing Documents Section**

Please Enter Your Event:

The Calendar Selection Date will allow you to schedule your event in the future. The Event will display in a chronological order when they are created as displayed below.

Upcoming Events

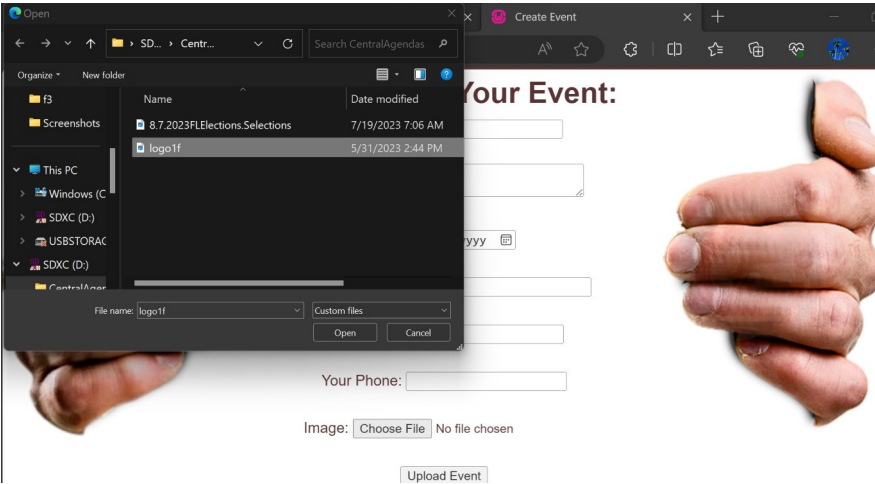

Early Bird Special

Date: 2023-08-31

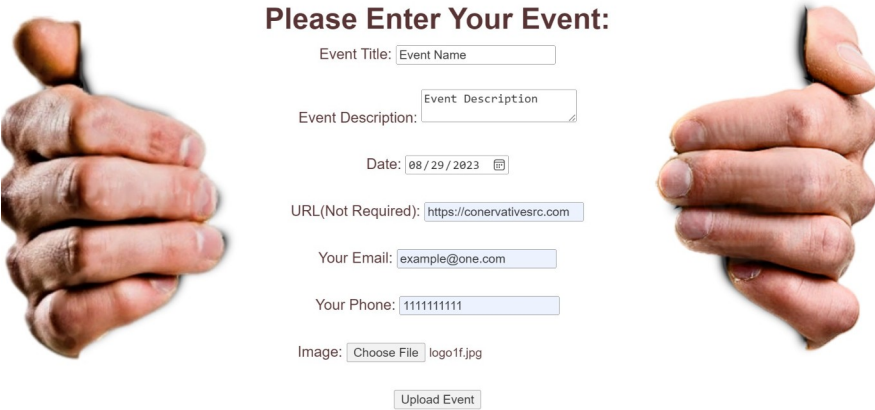

Description: The Drowsy Poet Coffee Co. @ Coffee Break Cafe 4265 Woodbine Rd, Pace, FL 32571, USA Discussing Current Events

URL: <https://conservativesrc.com>

If, you do not have a URL use <https://conservativesrc.com> Also, you can put the URL to .pdf documents as described earlier and it will display as a hyperlink. The email and phone number space are required and are the same you entered when you registered on the site.

Selecting the Image “Choose File” will open your computer to select an image or pdf document to upload as an event. Here we have selected the logo1f image. Highlight and choose the “Open” button.

All the information entered? Then choose to upload the event. If, you are not registered there will be a message on the bottom of the page or a confirmation your event has been uploaded. It will be displayed here: <https://conservativesrc.com/youreventdisplay.php>

Ace's Break-Out Session

Date: 2023-09-02

Description: 6583 Caroline St, Milton, FL 32570, USA 8:00 – 9:00am Breakout session discussing current events.

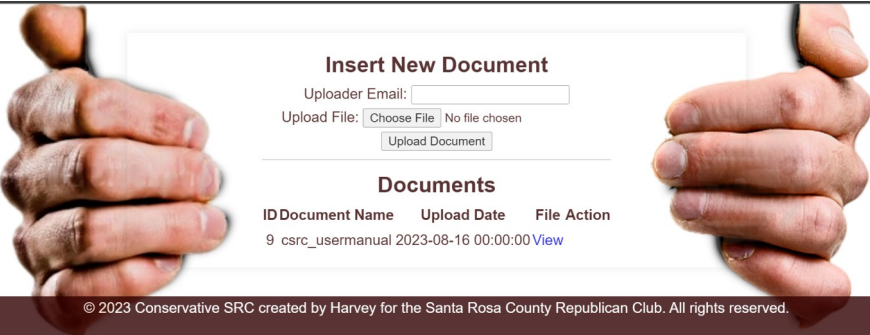

URL: <https://conservativesrc.com>

https://conservativesrc.com/uploads/your_doc_name.pdf Is also an alternative to submitting your *.pdf documents and the URL to enter. This Event Creation will perform the desired task and present the information. If you have additional question please submit them in pdf form using: Inserting, Deleting, Viewing Documents. This is temporary until I create an email to use and it also created a FAQ for other members.

Inserting, Deleting, Viewing Documents

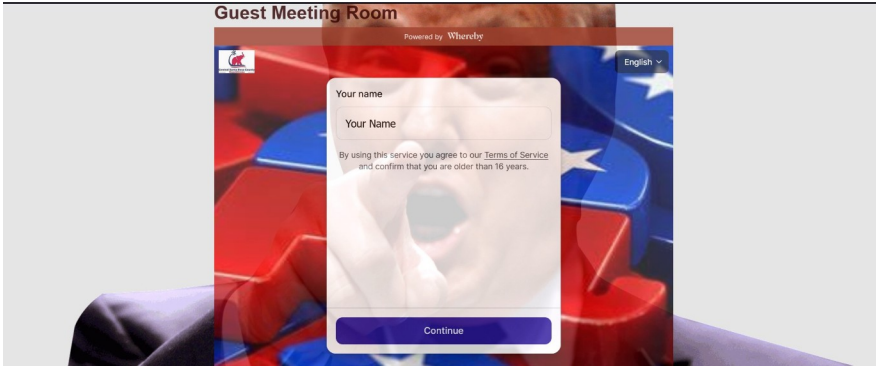

These are different and limit database access to certain functions.

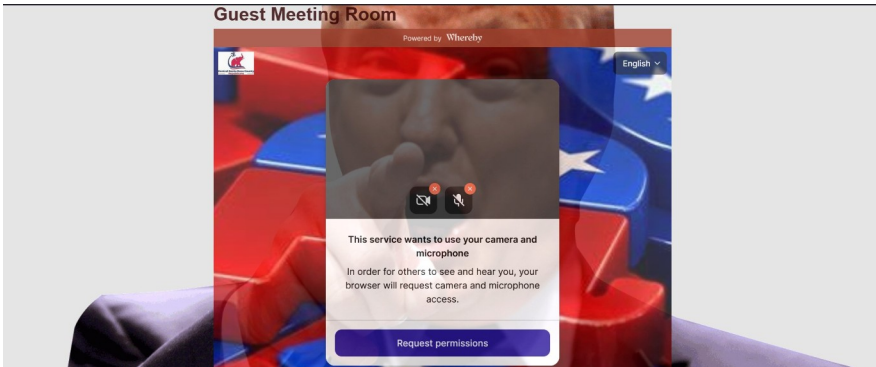

Uploading and adding documents is limited to file size of 1.5 mb max, file type .docx, .pdf, and .jpg, and organizational membership. The first document which is the User Manual cannot be deleted. You will receive a message confirming your file is uploaded successfully, sent to another page, or see an error message. The option to allow file deletion items is still up for debate. This is basically the same as creating an event. However, it might be an improved option with*.pdf documents: https://conservativesrc.com/uploads/your_doc_name.pdf because you can prove a direct URL with event documents

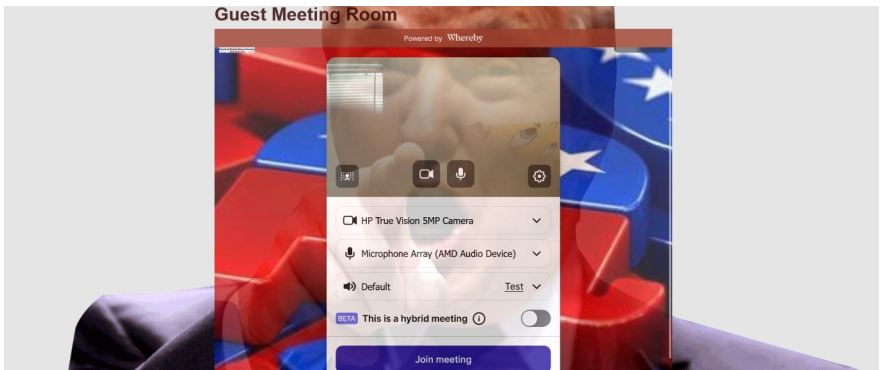

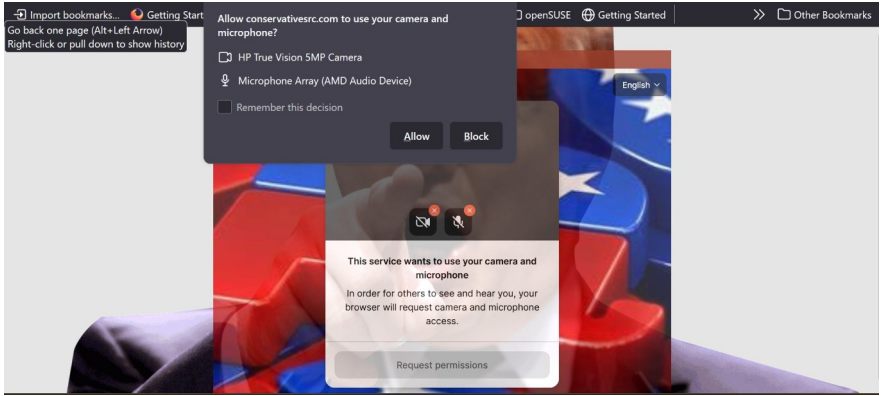

Guest Room

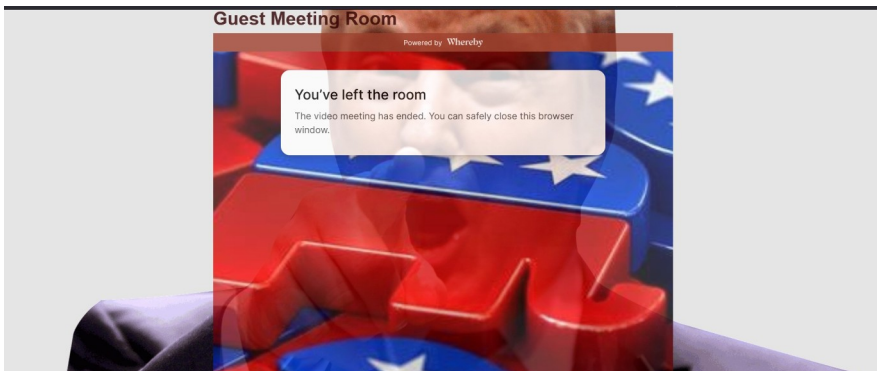

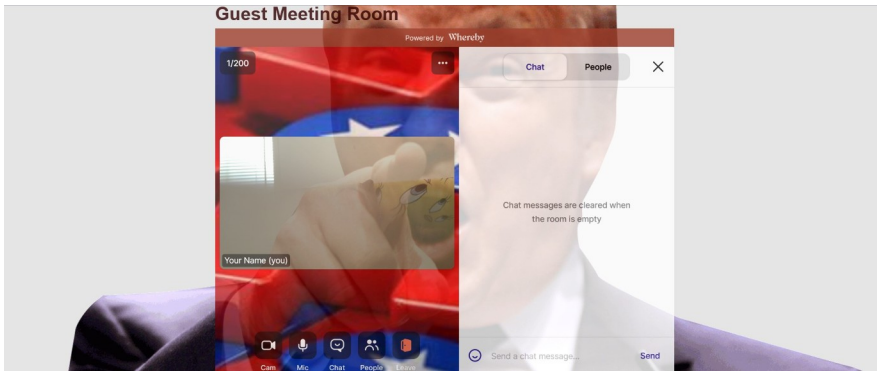

The Guest Room will take a few moments to load. It will ask your name and request access to your camera and mic. There are a host of features available and you can hold meetings, talk, video meeting, or use the chat feature. These are several screen shots of the process to enter into the chat room. This is NOT Facebook or Twitter. It is more closely related to Zoom or GoTo.

The following screen shots display what you will see when you enter enroute into the room. It is a series of permissions and enter your name you desire to use.

Dont forget to Leave the Room!

Organization Form (In Development)

What Is Your Organizations Name?

Organization or Club Name:

The **Organization Form** is asking for the Organization or Club Name, the Percentage of Members needed for a meeting quorum, Membership Dues, Events, Documents, Membership Status, Membership Position, and Membership Requirements. A member and an administrator or just an administrator would likely complete or update some or all of this form.

Our area has several organizations and clubs with the same objective to participate and affect change in Government. It appears that each Club, Organization or Group has their own Social Media Account it seems. The purpose of this is to create a list and coordinate and form coalitions in the Region. First, we must build a local coalition. For example, there are some people who focus on Education like the Essay Contest, Clean Books, and Moms For Liberty. The Election Integrity, Medical Freedom, Voter Registration coalition. The Media, PR and Marketing through CORE and Event Coordinator.

This is a chicken or egg debate so everything is on this page. The site uses Sessions no Cookies they are fattening. When you login successfully you will be able to access more functions. First Registration.

Login

It is likely you will know where you are because the “Submit” will display what it is doing.

Enable Password Recovery

You might just forget your password. The passwords are hashed so even the administrator cannot reset or find it out for you. So, it is here when you need it.

You will see several prompts on your way to this screen requesting permission to use your mic, camera, and accept the terms of service. Accept these prompts and you will ultimately arrive at a screen looking similar. The Guest Room offers similar features but does not require the 6 digit pass code. You do have the option to use the chat screen and type questions or comments. This program is very similar to another video conferencing program. Whereby offers and maintain the “Guest Room” option!
